

K_Love serves my family through FM radio here in Grass Valley, CA. K-Love provides a positive, encouraging and uplifting option on the local radio. I have 4 children and they all listen to K-love. I never have to worry about any inappropriateness on this station. I believe that it is in the best public interest to not expand LPFM. I believe that K-Love provides a service to my family and the surrounding community that is invaluable. Healthy, positive radio is few and far inbetween and I do not want to lose this service. Please do not expand LPFM service. Thank you. Margie
